CERTIFICATE III IN WALL AND FLOOR TILING

About this Course:

This course is designed for individuals seeking a career in wall and floor tiling within the residential and commercial construction industry. It develops the practical skills and underpinning knowledge required to prepare surfaces, measure and set out tiling areas, and install wall and floor tiles to industry standards. Training covers working with a variety of tiling materials including ceramic, glass, slate, marble and clay. The course focuses on the correct use of tiling tools and equipment, safe handling of materials, preparing surfaces, installing wall and floor tiles, applying waterproofing systems, and completing decorative and mosaic tiling finishes. The training approach is hands-on and practical, delivered through face-to-face classes and workshop sessions using industry-standard tools, materials and techniques. Strong emphasis is placed on workplace health and safety practices, correct tool use, and the ability to read and interpret construction plans and specifications. On successful completion, graduates will have the practical skills and knowledge required to work as a Wall and Floor Tiler, supporting employment opportunities across residential housing, commercial construction, renovation and maintenance projects.

What You'll Learn

- Apply workplace health and safety (WHS) requirements and work effectively within the construction industry
- Read and interpret construction plans and specifications to plan and organise tiling work
- Carry out measurements, calculations and levelling procedures for accurate tile installation
- Handle tiling materials safely and use wall and floor tiling tools and equipment correctly
- Prepare wall and floor surfaces for tiling applications
- Install wall and floor tiles using industry-standard techniques and materials
- Apply waterproofing systems and complete decorative, mosaic and curved tiling finishes
- Repair and maintain tiled surfaces and develop basic knowledge of business opportunities in the construction industry

Career Outcomes

WALL AND FLOOR TILER

Emily

"The cultural experiences, especially exploring Brisbane and the Gold Coast, were amazing! The tour concierge made the entire experience smooth and enjoyable."

Michael

"The tour was well organized and provided great opportunities for both personal and academic growth. The hands-on learning made all the difference!"

TUITION FEES (**INTERNATIONAL (STUDENT VISA)**)

Course Name	Course Duration	International (Student Visa)	Campus Availability	Intakes
Certificate III in Wall and Floor Tiling	52 weeks	$11,000	BNECTR2	Monthly

ENTRY REQUIREMENTS

AGE	GRADE	IELTS
18	11	5.0

- **AGE**
  Minimum age of 18 years or turning 18 years old prior to commencement of the course
- **EDUCATION & EXPERIENCE REQUIREMENTS**
  Year 11 Australian Senior High School Certificate, or equivalent (e.g. completion of Year 12 or High School in the student's home country) with full academic results.
- **ENGLISH LANGUAGE**
  Intermediate English (equivalent to 5.0 academic or general IELTS) and successful completion of college LLND Test
- **REQUIRED IDENTIFICATION**
  Photo ID and evidence of citizenship (international students must provide copy of passport)
- **COMPUTER SKILLS & EQUIPMENT**
  Students on this course require computer access for learning purposes and to complete course assessments. As such, learners must have beginner/intermediate computing skills including use of Microsoft Office programmes, in addition to hardware requirements of a desktop or portable computer with keyboard, pointing device, speaker, web camera and microphone, and a broadband internet connection.
- **ADDITIONAL REQUIREMENTS**
  Students must be physically fit to participate in practical workshops and assessments, including lifting and carrying heavy objects, as required in the construction industry, while adhering to safe work practices. Completed CPCWHS1001 Prepare to Work Safely in the Construction Industry or its successor and possess a valid White Card prior to commencement of the course. Prior to commencement of the practical workshops and assessments, students must: Have the following Personal Protective Equipment (PPE) items: • High visibility vest (high visibility shirt/jumper is acceptable) • Hard Hat • Gloves • Earplugs • Protective Glasses • Safety work boots (steel cap) • Safety glasses (non-tinted) • Long pants • Long-sleeved shirt (for WHS reasons please do not wear excessively loose clothing) • Sun protection as required • Two tops and two shirts

- **FURTHER INFORMATION**
  Students who are unable to meet the academic or English language criteria may in some cases be eligble to undertake our Language, Literacy & Numeracy (LLN) test. Criteria may change at any time without notice. Additional English language requirements may apply to international applicants from non-English speaking backgrounds wishing to articulate on a visa package into a university programme. Students must be able to (and are required to) enrol, participate, demonstrate progression-of, and complete this course.

  RPL & Credit Transfer

  You may apply for Recognition of Prior Learning (RPL) to have relevant skills and knowledge gained through previous study, employment or life experience assessed against course requirements. Supporting evidence and practical assessment may be required.

  You may also be eligible for credit transfer for previously completed units that are identical or equivalent to those in this course, subject to verification of your academic records.

  Successful RPL or credit transfer may reduce your course duration and training requirements. Contact the college before enrolling for information about the application process, evidence requirements, available support, applicable fees and any changes to your course duration and fees.

BRISBANE CENTRE CAMPUS (316 ADELAIDE ST) COURSE TRAINERS

BRISBANE CENTRE CAMPUS (316 ADELAIDE ST) & FACILITIES

YOUR CAMPUS

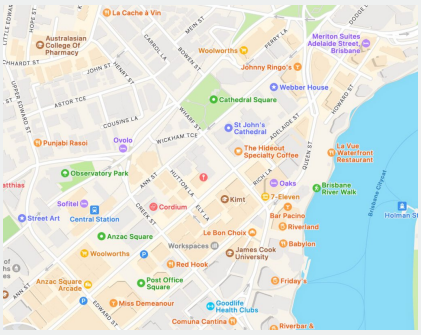

EduCare's main campus, known as "Brisbane Centre 2," is strategically situated on level 3 at 316 Adelaide Street, right in the heart of Brisbane's bustling central business district. This premier location offers students unparalleled access to a vibrant urban environment, fostering both academic and professional growth. The campus itself is a testament to EduCare's commitment to providing a superior educational experience, blending modern design with state-of-the-art learning facilities.

Upon entering Brisbane Centre 2, students are greeted by a welcoming and supportive environment. The campus is equipped with spacious classrooms that are designed to encourage interactive learning and collaboration. Each classroom is outfitted with the latest educational technology, including digital whiteboards and high-speed internet, ensuring that teaching and learning are both dynamic and engaging.

A key feature of the campus is its comprehensive multimedia resource library, which provides students with a wealth of learning materials at their fingertips. From academic journals and e-books to interactive software and video content, the library is equipped to support a wide range of learning styles and research needs.

In addition to academic resources, Brisbane Centre 2 offers a variety of student services aimed at enhancing the overall educational journey. These include dedicated study areas, computer labs with specialized software, and comfortable lounge spaces for relaxation and networking. The campus also hosts regular workshops and seminars, led by industry professionals and academic experts, to supplement classroom learning and provide valuable insights into the community services sector.
